Hi Erin – I apologize for the late follow-up on this, but wanted to see if you’ve had a chance to weigh in on the draft response email regarding the Oregon FIFRA 24(c) label / chlorpyrifos issue. So that everything is in one place, I’ve copied the draft email below, and included Angela’s feedback in blue text.

Thanks,
Aaron

I don't think I'll need to review another version, but I would recommend waiting until Erin has a chance to weigh in. Thanks.

Thanks Angela – your comments/additions make sense, I will include a final paragraph regarding the Ninth Circuit order. In terms of next steps, would you like me to go ahead and send that out as revised or route an updated version back through you and Erin?

Hi Scott,

I am new to the Minor Use and Emergency Response Branch and was assigned work on two SLN amendments (OR-090007 and OR-090009) for the use of chlorpyrifos and we would like your thoughts on how to move forward based on the current litigation surrounding these actions.

Any guidance you can offer on this would be greatly appreciated.

Thank you,

Maya
